Vienna, November 11th, 2020

The Foundation Prince Liechtenstein reorganizes its holdings in the sectors of **agriculture & food, forestry, renewable energy and real estate** under the name **Liechtenstein Group**. The reorganization and the brand relaunch constitute a key step in the further development and expansion of the existing core sectors. The reorganisation supports the growth path that was successfully initiated in recent years, which sets the foundations for further growth and planned expansion in years to come. The reorganization also encompasses the Group's Austrian operations and investments, which will be transferred over the next 12 months into the **Liechtenstein Gruppe AG**, a corporation domiciled in Austria. New investments and advisory services will be undertaken by the newly formed **Liechtenstein Beteiligungs GmbH**. **The Foundation Prince Liechtenstein** will continue to exist as owner of the Liechtenstein Gruppe AG and Liechtenstein Beteiligungs GmbH.

Prince Constantin von und zu Liechtenstein: "We are convinced that our core industries present attractive growth opportunities over the next years. The reorganization and the new brand will enable even better management of our existing portfolio and will support our investment strategy in those core sectors in which the family has acquired in-depth expertise over generations. I am delighted to be able to continue leading our business operations and holdings under the new brand "**Liechtenstein Group**" over the coming years."

Prinz Constantin von und zu Liechtenstein is assuming the position of CEO of the Liechtenstein Gruppe AG, as well as Managing Director of the Liechtenstein Beteiligungs GmbH. Johannes Meran is stepping back from the Board of the Foundation Prince Liechtenstein and moving to the Executive Management Board of the Liechtenstein Gruppe AG, as well as assuming the position of Managing Director of the Liechtenstein Beteiligungs GmbH. With his many years of expertise as an investor, as well as in the role of CEO for various businesses in the field of private equity and real estate investments, he will jointly assume leadership of the Group as Chief Investment Officer (CIO). These appointments will ensure continuity at the top level of management as well as close connection to the Princely Family.
